TO: PECG Headquarters

FROM: Joya Gilster, President

SUBJECT: Fall 2005, Quarterly Report

Another year of PECG is fast approaching it's finale, and the experience has been wonderful. If you can still appreciate PECG after a year of being a section officer, then you know it hasn't been that bad. The Section would like to congratulate the new officers and graciously like to thank the current Corporate officers, Section officers, Committee Members, Blanning and Baker, Aaron Reed and Associates, and PECG staff for all the commitment and time that have been put in this organization.

Since the last quarterly meeting, our section is still going strong. On August 13th, we had our annual PECG Picnic. Normally we hold it during the fall, although this year we decided to change the season and location, and had an overwhelming success. We had about 150 people at the park, and that included members with their families. We provided food and beverages, and everyone got to enjoy volleyball, horseshoes, and a golf putting competition. After the picnic, the families got passes for the swim and slide area at the park, where they cooled off after a warm day. Basically all had a fun time.

The section also sponsored the Annual Caltrans Golf Tournament, which was held on September 9th. We had four members participate, Mark Pertile, Pat Hally, Vince Curran, and Alen Nou. On September 15th the Caltrans District 8 Office celebrated 100% in Project Delivery. Our Section sponsored the event by providing cookies and refreshments for the celebration.

We have ended the year with the satisfaction that we completed our goals for the year. Our Section website is completed, and updated. The details of our scholarship are worked out, and even though we didn't have any body for the scholarship this year, I believe our members will probably fill out applications next year. We were successful with our outreach program this year. PECG members were able to participate as judges in the county Science Fair, and also participate in "Bring Your Child to Work Day" with KIIS FM and Commander Chuck Street.

Our section officers are passing the reins to a new set of officers. I anticipate that we'll have another successful year if they put in the hard work and dedication that is

needed. This has been a great year, and I look forward to next year and the great things that PECG will be able to accomplish in the sections and as a statewide organization. I congratulate John Roberts for a great year, and look forward to working with Craig Copelan next year.
